5 Level at which resident is able to make informed decisions about diagnostic and therapeutic interventions based on patient information, patient preferences, up-to-date scientific evidence, and clinical judgement

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

6 Level at which resident demonstrates motivation to obtain appropriate procedures

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

7 Please list procedures in which the resident excelled

8 Please list procedures in which the resident needs improvement

MEDICAL KNOWLEDGE

9 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to trauma: initial assessment and stabilization

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

10 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to medical emergencies

11 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to non-accidental trauma

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

12 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to orthopaedics

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

13 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to strokes

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

14 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to heart disease

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

15 Level at which the resident is able to demonstrate an investigatory and analytical thinking approach to the consequences of drug and alcohol abuse

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

16 Please list any areas in which the resident excelled

17 Please list any areas in which the resident needs improvement

PRACTICE-BASED LEARNING IMPROVEMENT

18 Level at which resident is able to recognize his/her own strengths and limitations

1/B-Beginner. Minority correct. Significant changes needed to meet standard of care.	2/DC- Developing Competency. Majority correct. Some changes needed to meet standard of care.	3/C- Competent. Met standard of care. No corrections necessary.	4/AC-Advanced Competency. Well advanced beyond competency performance targets. Only a few exceptional residents will reach this level.
--	--	---	--

**19 Level at which resident is able to ask questions as an engaged, critical learner**

SYSTEMS BASED PRACTICE

20 Level at which resident is able to make appropriate referrals**21 Level at which resident is able to practice cost-effective healthcare and diagnostic testing**

SYSTEMS-BASED PRACTICE

22 Level at which resident emphasizes patient safety

SYSTEMS BASED PRACTICE

23 Level at which resident is able to demonstrate a knowledge of how to partner with health care managers and providers to assess, coordinate and improve health care

- 24 Level at which resident is able to recognize that the patient is part of a greater system and provides care in a manner that supports continuity**

PROFESSIONALISM

- 25 Level at which resident is able to accept responsibility for patient care**
- 26 Level at which the resident engages in interviewing techniques which demonstrate cultural and social sensitivity**
- 27 Level at which the resident demonstrates an ability to account for various views and values of our diverse population in the formation of individual patient care plans**
- 28 Level at which resident is able to consistently perform in a punctual, reliable and collegial manner**
- 29 Level at which resident demonstrated a commitment to maintaining confidentiality of patient information, patient privacy, and informed consent**

INTERPERSONAL AND COMMUNICATION SKILLS

- 30 Level at which resident is able to create and sustain a therapeutic and ethically sound relationship with patients and families**
- 31 Level at which resident is able to counsel and educate patients and their families in a clear, respectful and culturally conscious manner**
- 32 Level at which resident is able to make organized and effective oral presentations**

33 Level at which resident is able to elicit and provide information using effective listening, nonverbal, explanatory and questioning skills

34 Level at which resident communicates with members of the healthcare team to facilitate coordination of care

Overall Comment *
